P.T.O.

CHECK LIST FOR BASIC TRAINEE CURRICULUM

Declaration of Interest

The declaration of interest is entirely on voluntary basis. Trainees who do not declare any interest will be placed in General Surgery. This is to facilitate and maximize the training opportunities for trainees, instead of imposing restrictions.

Time-based rotational training

- During the 2 years of Basic Surgical Training, trainees are required to make up at least 3 specialties to meet the rotational requirement, but not more than 1 year in any 1 specialty (with 6 months in Gen Surgery; 6 months in Emergency Surgery)*
- One 6-month training in General Surgery
- One 6-month training in emergency module
- One 6-month training in other specialty/subspecialty or specialty declared
- One 6-month (or TWO 3-month) in other specialties/subspecialties (related)

Restriction: General Surgery; Orthopaedics; Otorhinolaryngology

Cardiothoracic Surgery; Neurosurgery, Plastic Surgery, Paediatric Surgery, Urology (max 1 year in any one specialty in 2-year training including those for Emergency Surgery);

Emergency Surgery in A&E (max 6 months) / ITU (max 3 months) /

Any surgical specialties with emergency calls (3 months will be counted as emergency for any 6 months training in any specialty with emergency calls; that respective 6 months training can be split into two 3-month rotations)

- Completion of at least 4 sets (2 each) of end-of-rotation mentor assessments
- Completion of Operation Record and Operation Record Summary Report

Continuous Assessments on Basic Skill

- Completion of at least 1 Competency Assessments on Mini-Clinical Evaluation Exercise in every training year, and at least 2 Competency Assessments on Mini-CEX during the first 2 years of basic training (**Mini-CEX**)
- Completion of at least 1 Competency Assessment on Direct Observation of Procedural Skills in Surgery or Endoscopy in every 3 months of surgical training*, and at least 6 Surgical DOPS and 2 Endoscopic DOPS during the first 2 years of basic training (**Surgical DOPS and Endoscopic DOPS**)

** For trainees rotating to A&E and ITU who are unable to complete the DOPS assessment, they are required to compensate the deficit during other rotations in surgical specialties by performing additional DOPS assessment so as to achieve the total number of assessment forms required. The required number set on competency assessment forms is only the minimum number required, trainees however will be encouraged to submit more forms than required.*

Mandatory Courses

- Basic Surgical Skills Course
- Clinical Core Competencies Course for BST
