

Summary of Operative Experience

(Remarks: Programme Directors of respective Specialty Boards will conduct random check of the trainee's Logbook Summary and Logbook Summary Report against the operation data from the Hospital Authority. The College reserves to take appropriate action should any untrue reporting of data was found.)

Record Nature of Cases – Major Procedures

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Breast						
Breast reconstruction						
Modified radical mastectomy						
Simple mastectomy						
Subcutaneous mastectomy						
Wide excision/quadrantectomy						
Sentinel lymph node biopsy						
Axillary dissection						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Cardiothoracic						
Lung operation						
Thoracotomy						
Thoracoscopic sympathectomy						
Other - specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Colorectal						
Anal sphincter repair						
Colonic – AP resection (abdominal)						
Colonic – AP resection (perineal)						
Colonic – Anterior resection						

Colonic – bypass						
Colonic – Hartmann’s operation						
Colonic – Hartmann’s operation(reversal of)						
Colonic – partial colectomy						
Colonic – proctocolectomy						
Colonic – total colectomy						
Defunctioning colostomy/ileostomy						
Revision of colostomy/ileostomy						
Closure of colostomy/ileostomy						
Haemorrhoidectomy– stapler						
Rectal prolapse – abdominal repair						
Rectal prolapse – perineal repair						
Other - specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Gynaecological						
Hysterectomy						
Salpingo-oophorectomy						
Other - specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Head and Neck						
Laryngectomy						
Parathyroid						
Parotid/Submandibular/Sublingual						
Thyroid lobectomy						
Subtotal thyroidectomy						
Total thyroidectomy						
Tracheostomy						
Other - specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Hepatobiliary						
Cholecystectomy						
Cholecystectomy + exploration of CBD						
Choledochoduodenostomy						
Choledochojejunostomy						
Exploration of CBD without cholecystectomy						
Major hepatic resection						
Other hepatic operation – specify						
Other - specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Laparoscopy/Thoracoscopy						
Diagnostic laparoscopy						
Diagnostic thoracoscopy						
Laparoscopic ultrasound						
Laparoscopic appendectomy						
Laparoscopic hernioplasty						
Other - specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Lymphatic/Spleen						
Axillary dissection (excluding with the breast)						
Groin dissection						
Neck dissection						
Splenectomy						
Other - specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Oesophagogastric						
Anti-reflux surgery						
Hiatal hernia – repair						
Fundoplication						
Heller’s myotomy						
Oesophageal resection						
Gastroenterostomy						
Oversew bleeding vessel +/- vagotomy						
Oversew/patch repair of ulcer perforation +/- vagotomy						
Partial gastrectomy						
Subtotal gastrectomy						
Total gastrectomy						
Vagotomy – highly selective						
Vagotomy +/- drainage procedure						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Paediatric						
Neonatal – Infant (5 years) (include hernia/groin hernial orchidopexy)						
Abdominal procedures						
Urological (exclude circumcision)						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Pancreatic						
Pancreaticoduodenectomy						
Bypass for pancreatic/biliary malignancy						
Operation for pseudocyst						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Plastic						
Microvascular anastomosis						
Myocutaneous flap						
Oro-facial/hand fracture						
Nerve repair						
Tendon repair						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Small intestine						
Small intestine – adhesions						
Small intestine – resection+/-anastomosis						
Small intestine – stoma						
Small intestine – bypass						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Soft tissue						
Sarcoma						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Transplantation						
Harvest						
Heart/heart-lung						
Kidney						
Lung						
Liver						
Pancreas						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Urology						
Cystectomy						
Endoscopic resection						
Varicocelectomy						
Nephrectomy						
Orchidectomy						
Ureteric surgery						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Vascular						
Angioplasty						
Aortic aneurysm						
Aorto-iliac reconstruction						
Carotid endarterectomy						
Embolectomy/thrombectomy						
Endovascular Stenting						
Femoro-pop-tib-peroneal-bypass						
Major amputations						
Major venous reconstruction						
Shunt for portal hypertension						
Subclavian artery operation						
Vascular – fistulae/shunt						
Visceral revascularisation						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Abdominal – other						
Adrenalectomy						
Emergency surgical repair of hernia of any kind						
Laparotomy – other - specify						
Major ventral hernia repair						
Parastomal hernia repair						
Other – specify						

Record Nature of Cases – Minor and Intermediate Procedures

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Breast						
Breast biopsy						
Excision following needle localisation						
Subareolar excision of ducts						
Drainage of breast abscess						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Gastrointestinal						
Open appendectomy						
Banding/injection of haemorrhoids						
Haemorrhoidectomy– excisional						
Perianal abscess/fistula in ano						
Other anal operations						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Head and Neck						
Minor head and neck procedures						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Hernia(elective operation)						
Femoral hernia						
Inguinal hernia						
Umbilical, paraumbilical, epigastric hernia						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Lymphatic						
Lymph node biopsy						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Skin and appendage						
Abscess drainage						
Ingrowing toenail						
Minor amputation						
Minor plastic						
Pilonidal sinus						
Simple excision						
Skin graft						
Wound exploration						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Urology						
Circumcision						
Exploration of testis						
Hydrocoele/cyst						
Vasectomy						
Testicular fixation for torsion						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Vascular						
Varicose veins						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Endoscopy/Diagnostic						
Oesophagoscopy						
OGD						
Panendoscopy						
Rigid sigmoidoscopy						
Flexible sigmoidoscopy						
Colonoscopy						
ERCP						
Cystoscopy						
Direct laryngoscopy						
Bronchoscopy						
Other – specify						

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Endoscopy/Therapeutic						
Therapeutic OGD						
Therapeutic colonoscopy						
Therapeutic ERCP						
Therapeutic bronchoscopy						
Other – specify						

Summary

	Surgical access if applicable		Total	Surgeon Mentor Scrubbed	Surgeon Mentor Available	Assistant
	Open	Minimal access				
Major						
Intermediate and Minor						
OGD(diagnostic)						
OGD(therapeutic)						
Colonoscopy(diagnostic)						
Colonoscopy(therapeutic)						

I declare that the information in this logbook summary report is true and correct.
